· Calf: 15 Gms per day (1 spoon)

Storage:
Store at room temperature not exceeding 30°C

Herbocal Tabs

Importance of Calcium:

Calcium is essential for many physiological processes; neuromuscular function, blood clotting and hormonal secretion. Failure to maintain Calcium homeostasis (Hypocalcemia, Milk Fever, Parturient Paresis) affects productivity of the cows and profitability of the dairy industry. Oral Calcium Supplements are appropriate for cows displaying early Clinical signs of hypocalcemia and prophylactically to lessen the negative impacts of hypocalcemia.

Description:
Herbocal Tabs is a specially designed product for quick and sustained calcium supplementation. It improves the calcium availability by increasing the blood serum calcium level at a time when calcium demand is High. After adding to water, it quickly disintegrates to form a thick liquid for oral administration.

Salient Features:
· Contains multiple sources of calcium for optimal absorption.
· Provides sustained release of calcium.
· Enhances milk production and fat content due to herbs with galactagogue properties

Feeding Instruction:
· Add 4 tablets in 1 Ltr Water to make 1 Ltr Calcium Tonic
· For Cow: 100 ml / Day
· For Calf: 50 ml / Day
· For Goat & Sheep: 20ml / day
· Poultry: 2-5 ml/Day

Available Package:
1 Tube contain 16 Tablets.

Composition:

Each tablet [25 g] Contains	
Calcium	3500 mg.
Phosphorus	1750 mg.
Vitamin A	5000 I.U.
Vitamin D3	8000 I.U.
Vitamin E	10 mg.
Vitamin B12	200 mcg.
Jivanti	50mg
Shatavari	50mg
